## Assignment no:04

Aim: Assignment Design and develop custom Application (Mini Project) using Sales force Cloud.

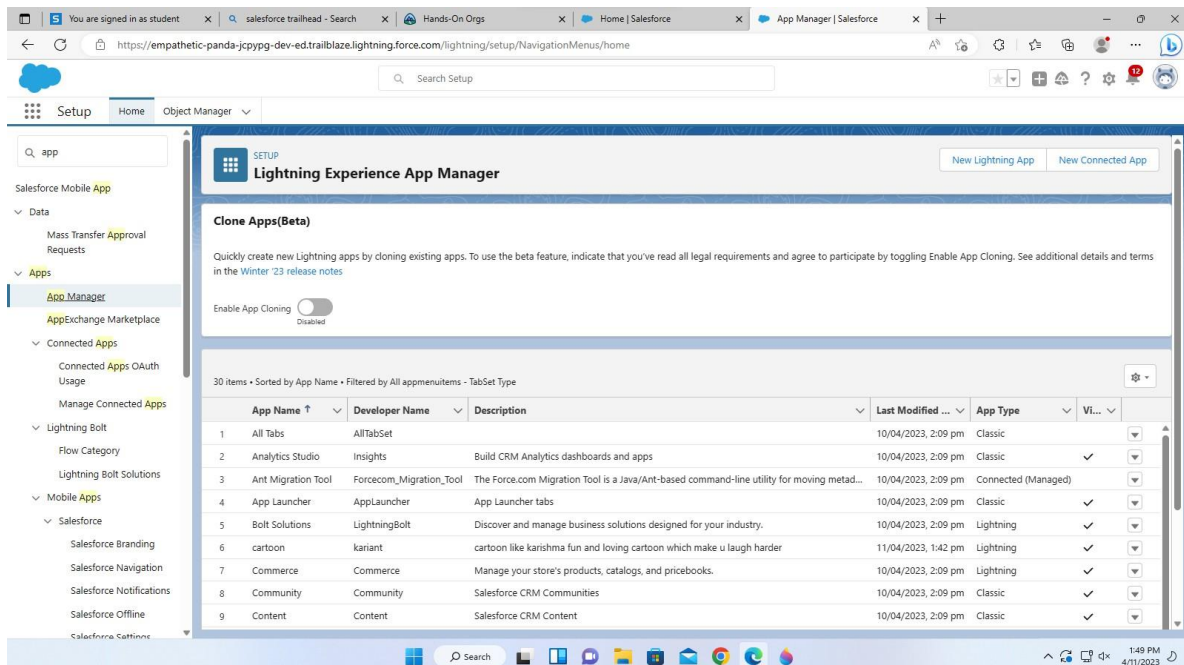

This screenshot shows a Bing search results page for the query 'salesforce trailhead'. The search bar at the top displays the query and the number of results (48). Below the search bar, there are several search filters (ALL, CHAT, IMAGES, VIDEOS, MAPS, NEWS, MORE). The main results section shows a link to 'Trailhead | The fun way to learn - Salesforce' with a brief description: 'Salesforce Admins solve business problems by customizing the Salesforce Platform. They build, configure, and automate technology solutions to deliver business value. Core tasks ...'. To the right of the search results, there is a sidebar with a 'Salesforce' logo and a brief description of the company: 'Salesforce, Inc. is an American cloud-based software company headquartered in San Francisco, California. It provides customer relationship management software and applications focused on sales, custom...'. Below the sidebar, there is a section for 'Related people' with five profile pictures and names: Marc Benioff, Larry Ellison, Halsey Minor, Bret Taylor, and Stewart.

This screenshot shows the 'Hands-On Orgs' page on the Salesforce Trailhead website. The page has a navigation bar with links to 'Products', 'Industries', 'Learning', 'Support', 'Company', and 'Salesforce+'. Below the navigation bar, there is a section titled 'Hands-On Orgs' with a 'Create Playground' button and a 'Connect Org' button. The main content area shows a list of 'Connected Orgs (2)'. The first org is 'Cunning Moose Playground' with a 'LAST USED' status. It has a 'Username' of 'wise-moose-44g6bn.com', a 'Type' of 'Trailhead Playground', a 'Created' date of '4/10/2023', and a 'Last Activity' of 'Created on 4/10/2023'. The second org is 'My Trailhead Playground 1' with a 'Username' of 'empathetic-panda-jcypg.com', a 'Type' of 'Trailhead Playground', a 'Created' date of '4/10/2023', and a 'Last Activity' of 'Created on 4/10/2023'. Both orgs have 'Rename', 'Disconnect', and 'Launch' buttons.

- Click on setup

- Search app manager. Select New Lightning App

**Lightning Experience App Manager**

Clone Apps(Beta)

Quickly create new Lightning apps by cloning existing apps. To use the beta feature, indicate that you've read all legal requirements and agree to participate by toggling Enable App Cloning. See additional details and terms in the [Winter '23 release notes](#).

Enable App Cloning ☐ Disabled
